Annexure

REQUIREMENT OF NURSING HOMES / HOSPITALS / CLINICS FOR REGISTRATION / RENEWAL.

1. The Hospital / Nursing home / clinic registration certificate should be displayed in a conspicuous place at the reception for public and inspecting authorities.
2. The Nursing Home shall be situated in a place having clean surroundings and shall not be adjacent to an open sewer, drain or public lavatory or to a factory omitting smoke or obnoxious odour.
3. The building used for the nursing home shall comply with the relevant municipal by laws in force from time to time.
4. The rooms in the nursing home shall be well ventilated and lighted and shall be kept in clean and hygienic conditions. Arrangement shall be made for cooling them in summer and heating them in winter.
5. The wall of the labour room and operation theatre up to a height of four feet from the floor shall be of such construction as to render it waterproof. The flooring shall be such as not permit retention or accumulation of dust. There shall be no chinks or crevices in the walls or floors.
6. An operation theatre shall be provided with, minimum floor space of 180 sq.ft. and the labour room shall be separate and shall be maintained in aseptic conditions.
7. The floor space in the nursing home shall be 120 sq. ft. for single bed and additional 80 sq. ft. for every additional bed in single room. Adequate arrangements shall be made for isolating septic and infectious cases.
8. A duty room shall be provided for the "nursing staff" on duty.
9. Adequate space for storage of medicines, food articles, equipments etc shall be provided.
10. Safe and potable Drinking water (both hot and cold) should be sufficiently made available in all the rooms, wards, waiting halls and laboratory.
11. If the Nursing Home provides diet to the patients, it shall be prepared and served in hygienic conditions.
12. The nursing Homes shall provide and maintain: -

   a) Adequate number of commodes, bedpans and slop sinks, with flushing arrangements.
   b) High Pressure sterilizer and instrument sterilizer, Oxygen cylinder and necessary attachment for giving oxygen.
   c) Adequate equipments, instruments and apparatus.
   d) Adequate quantity of bed sheets, mattress, pillows, blankets draw sheets and other Linens.
   e) An almirah under-lock and key for poisons/schedule H drugs.

13. There shall be one qualified doctor holding a degree recognized by the Medical Council of India or the Medical Council of the State, round the clock for every twenty beds or fraction thereof, in the nursing home. In case of Nursing Homes providing intensive care facilities, there shall be at least two doctors exclusively for intensive care.

14. There shall be one nurse on duty at all times, for every ten beds or a fraction thereof in the nursing home. In Nursing Homes Providing Intensive Care Units facilities there shall be at least four nurses provided exclusively for four such beds or fraction thereof.

15. Qualification, specialty, register number of all medical / Paramedical personnel working in the hospital should be displayed for the public in tamil and english for public and the inspecting authorities to ensure authenticity and to eliminate quackery.

16. The owner /keeper of the Nursing Home shall ensure that the charges levied by the Nursing Home are permanently displayed.

17. The owner/keeper of the Nursing Home shall ensure the provision of stand by generator in case of the power failure in the nursing homes.

18. Records of patients to be maintained as given below:-
